19 October 2020

Notification of Intent to Invite International Competitive Bids for:

**SUPPORT FOR THE NATO NCI AGENCY SERVICES HEWLETT
PACKARD ENTERPRISE (HPE) HARDWARE**

IFB-CO-115240-HPE

**TOTAL ESTIMATED VALUE: EUR 3,175,000
PERIOD OF PERFORMANCE: 1 BASE YEAR + 4 OPTION YEARS**

The NCI Agency expects to issue the Invitation for Bid (IFB) in late December 2020 with an anticipated contract award in March 2021.

NCI Agency Point of Contact

Mr Peter Kowalski, Senior Contracting Officer

E-mail: peter.kowalski@ncia.nato.int

To : Distribution List

Subject : **Notification of Intent to Invite International Competitive Bids for Procurement of Support for NCI Agency Services Hewlett Packard Enterprise (HPE) branded equipment and the Network Change and Configuration Management Solution HP Network Automation**

Reference(s) : A. AC/337-D(2016)0014 dated 16 March 2016
B. BC-D(2018)0004-FINAL dated 29 January 2018
C. BC-D(2019)0129-ADD2 (INV) dated 9 July 2019
D. C-M(2002)49

1. In accordance with Reference A through C, the NCI Agency, as Host Nation, hereby gives notice of its intent to issue an Invitation for Bid (IFB) for support of the NCI Agency Services Hewlett Packard Enterprises (HPE) branded hardware and Network Change and Configuration Management Solution HP Network Automation.

NATO UNCLASSIFIED

2. Following the BC authorization in Reference C for the release of the formal Invitation for Bid (IFB), the IFB is currently under preparation and planned to be issued late in Q4 2020.
3. The NATO Communications & Information Agency (NCI Agency) is responsible for the in-service support of major NATO Communications and Information Systems. NATO has datacentres within multiple locations, operated and monitored by the Core Enterprise Service Line, located at SHAPE (Mons, Belgium).
4. The Agency has a requirement to procure the support of hardware of HP branded equipment and the Network Change and Configuration Management Solution HP Network Automation.
5. Attached to this letter (Annex A) is a summary of the project's requirements in the seven (7) geographic regions (LOTs) where HPE equipment is located. These requirements are provisional and currently being refined and detailed as part of the preparation of the proposed contract.
6. The reference for the Invitation for Bid is IFB-CO-115240-HPE, and all correspondence concerning the IFB should reference this number.
7. The estimated investment cost for the services and deliverables included within the basic scope (all LOTs) of the intended contract is EUR 3,175,000 over five (5) years comprising a one (1) year base contract and four (4) contract options of one (1) year each.
8. The NCI Agency will use the International Competitive Bidding (ICB) Procedure for this procurement. The successful bid for each of the seven (7) LOTs identified in the Annex to this document the contract, will be the bid which is deemed to be the lowest priced technically compliant for each LOT. The NCI Agency reserves the right to make multiple contract awards resulting from this solicitation.
9. The NCI Agency plans to issue the IFB in late Q4 2020 with a bid closing date after 42 days. Contract award is planned for late Q1 2021. Partial bidding on LOTs will not be allowed.
10. National responsible authorities are kindly requested to provide to the NCI Agency Declarations of Eligibility, not later than **20 November 2020** of qualified and certified firms which are interested in bidding for this project. In addition to the certification of the firm's security clearances required under this NOI, the Declarations of Eligibility should include the following information for each of the nominated firms: Name of the Firm, Telephone number, Fax number, E-mail address and Point of Contact. This information is critical to enable prompt and accurate communication with prospective Bidders and should be sent to the following address:

NATO Communications and Information Agency
Boulevard Leopold III, 1110, Brussels, BELGIUM
Attention: Mr. Peter Kowalski – Senior Contracting Officer, S2/2083

Fax : +32 (0)2 707-8770
E-mail : Peter.Kowalski@ncia.nato.int

11. Bidders will be required to declare a bid validity of six (6) months from closing date for receipt of bids, supported by a Bid Guarantee of EUR 32,000 (thirty-two thousand Euro). Should the selection and award procedure exceed the Bid Closing Date by more than six (6) months firms will be requested to voluntarily extend the validity of their bids and Bid Guarantee accordingly. Bidders may decline to do so, withdraw their bid and excuse themselves from the bidding process without penalty.
12. National authorities are advised that the IFB package is anticipated to be NATO UNCLASSIFIED.
13. The successful Bidder will be required to handle and store classified information up to the level of NATO SECRET. In addition, Contractor personnel will be required to work unescorted in Class I Security areas in the countries belonging to the LOTs identified in the Annex to this document, and therefore, in accordance with paragraph 8(b) of Enclosure D of Reference D access can only be permitted to cleared individuals. Only companies maintaining such cleared facilities and the appropriate personnel clearances will be able to perform the resulting contract.
14. Requests for participation in this competition received directly from individual firms cannot be considered.
15. The NCI Agency point of contact for all information concerning this IFB is Mr. Peter Kowalski, Senior Contracting Officer, fax:+32 (0)2 707 8770, email: peter.kowalski@ncia.nato.int
16. Your assistance in this procurement is greatly appreciated.

NCI Agency – All NATEXs

Annex A – Summary of the Requirements

1. Introduction

The NCI Agency has a requirement to procure the hardware maintenance of Hewlett Packard Enterprises (HPE) branded equipment in the following geographic locations identified here as LOTs:

- LOT 1 - Belgium, Germany, Netherlands
- LOT 2 - Great Britain
- LOT 3 - Italy
- LOT 4 - Norway
- LOT 5 - Poland
- LOT 6 - Spain
- LOT 7 - Turkey

2. Background

The NATO Communications & Information Agency (NCI Agency) is responsible for the in-service support of major NATO Communications and Information Systems. The Core Enterprise Service Line has the responsibility to operate and maintain NATO's Datacentres within multiple locations.

One essential building block within the NCI Agency is to provide continuity of service inside its datacentres. HP Server and storage infrastructure is operational in these multiple locations. Reactive and proactive support is required to keep the service operational. Due to the importance of this service, which are provided out of the different Datacentres, service maintenance and support for the hardware is a critical requirement.

3. Project Scope

This requirement is currently anticipated to cover support of the HPE hardware as depicted below in each of the seven LOTs identified (see overleaf):

LOT 1: Belgium, Germany and the Netherlands
